RENOVATION AWARDS

HANDS-ON-DESIGN

Category 3: Bathroom

- The clients wanted to create a spa atmosphere and an escape within their home.
- It was completely re-insulated to meet today's standards.
- The existing gable roof was saddling and had to be reinforced.
- During the process, the south facing wall which was three inches out of square was pulled in and plumbed.
- The upper storey now features the new four piece bathroom complete with walk through change area and adjacent sleeping quarters.
- The space includes his and her vanity area complete with claw-foot tub, dual-flush toilet, recessed halogen lighting and multi-functional cabinets.
- Curved bulkheads contribute to the overall feel of movement within the space.

VALUE OF PROJECT:
