RENOVATION AWARDS

OSWALD CONSTRUCTION LTD.

Category 2: Kitchen

- A "garden bay" window was installed in front of the sink location to increase views to the back yard.
- A "walk out bay" window was framed into the front living room wall of the house.
- Dining room, bedroom hallway and front stairwell/foyer were all converted from that dark 60's look to modern off white drywall surface.
- The kitchen cabinets were done in a white lacquered MDF "Shaker" style door and drawer front.
- The island was done in a dark stained maple wood.
- Granite counters topped everything off.
- A new lighting scheme allowed for highlighting feature or simply lighting up the whole room.
- A new tile floor and backsplash finished the kitchen area and new carpet throughout finished the remaining areas.
