RENOVATION AWARDS

PBC RENOVATION SPECIALIST

Category 6: Whole House

- The new mud room off the heated double garage includes lockers for the kids' winter clothing, a sports equipment room with an exhaust fan tied into the HVR system and a main floor laundry room complete with additional storage cabinets and a dog shower.
- A separate rear entrance allows for the dog's feet to be cleaned off before entering the main house area.
- The expanded kitchen has an open concept to the new family room, the eating area and a small home office area, while remaining adjacent to the formal dining room. The new kitchen features soap stone countertops, and custom cabinets.
- Custom mouldings were made to match the existing interior finishes.
- Custom plaster work and cove mouldings match the existing.
