## RENOVATION AWARDS

### REMPEL BUILDERS

#### Category 2: Kitchen

**VALUE OF PROJECT:**  
\$96,000.00

- The new space includes custom cabinets and bulkheads made with Treefrog veneers.
- Large energy-efficient windows take advantage of the river view.
- The insulation was upgraded and functional and decorative lighting was added.
- The kitchen features energy star appliances, a recycled glass tile backsplash, quartz countertops, walnut hardwood floors, stainless steel gables on the island and an electrical outlet bar below the countertop on the working side of the island.
- There are many functional accessories within the cabinets and a beverage bar outside the work triangle with a wine fridge.
- There is also a wall of pantry storage, niches for displaying art, dining space for eight, with room to easily expand to 12 and a sitting area at the window for enjoying the view with your morning coffee, reading or simply relaxing while conversing with the cook.
